

CHALLENGE SPORTS

Challenge Sports knows that our members want to get back on the soccer fields and start playing again. To do so, we want to make sure we are providing a safe environment and follow the Florida Governor Ron DeSantis' guidelines for youth sports. Therefore, Challenge Sports will be changing some of our processes to ensure we provide the safest possible playing environment. We have outlined below the steps we will be taking to host our events.

1. All participants will have their temperature taken before they will be allowed to play. Anyone with a temperature of 100°F or above, will be asked to leave the event.
2. Teams will now have their benches set up on opposite sides of the fields. (Diagram below)
3. Parents will be asked to view the games from the same side as their team but on the other side of the 50-yard line. (Diagram below)
4. Challenge Sports will be marking off spectator sections 5 yards away from their sideline.
5. There will be no shaking of hands or hi-fiving before, during, and after games.
6. Fields will be set up and lined much further apart than before to allow for social distancing.
7. Participants will be asked to respect the social distancing rules and set up at least 10 yards away from each other i.e., Tents and chairs which they use between games.
8. All participants will be asked to wear masks when using the common areas such as bathrooms, score tent and registration and check-in.

Challenge Sports intends to provide a safe environment for all its staff, participants, and parents during these challenging times. We know this pandemic has been extremely hard on everyone, and we hope that our events being outdoors and in the open air will provide the much-needed stress relief we have heard from so many of our participants.

Should you have any additional questions about our processes, please contact: Jeffrey Lawson, jlawson@sportslogic.net , 954-224-3334 or Dawn Sophia, dawn@sportslogic.net , 954-873-7448.

Sincerely,
The Challenge Sports Team
